Automotive iQ a division of IQPC presents:

ELECTRIC VEHICLES

The ultimate showcase of automotive solutions

Contact:

Pedro Storni | Business Development Manager - Automotive IQ | +49 (0)30 20 913-242 | Pedro.Storni@Automotive-IQ.com

E-mobility infrastructure

Fast charging
Automatic charging
EV's at the workspace
Charging in urban environments

Automotive battery management systems

Thermal management concepts
BMS for high-voltage lithium-ion batteries
Future voltage levels
Battery safety with advanced BMS diagnostics

Automotive 48V power supply systems

Latest developments of 48V standardization
48V electrification concept
48V powernet architecture
48V hybridization systems

Thermal management for EV/HEV

Strategies for energy efficient thermal comfort
Monitoring of battery aging
Improve systems efficiency and reliability
Powertrain architecture for optimal thermal distribution

Let Automotive IQ promote your webinar including

- Newsletter inclusions to **40.000+** Automotive IQ members
- Social reach to **13.000+** Automotive IQ followers
- Banner rotation on Automotive IQ
- Dedicated emails reaching **100.000** Automotive professionals

TOP 10 COUNTRIES of Automotive IQ members

- United States
- Germany
- United Kingdom
- India
- France
- Italy
- South Korea
- Sweden
- Belgium
- China

TOP 10 JOB TITLES of Automotive IQ members

- Engineer
- Manager
- Director
- Researcher
- Account Manager
- Product Manager
- Project Manager
- Design
- Consultant
- Business Dev. Manager

TOP 10 OEM REPRESENTATION of Automotive IQ members

- Ford
- Volvo
- Tata
- Hyundai
- Toyota
- Daimler
- FCA
- BMW
- Renault
- General Motors

TOP 10 SUPPLIER REPRESENTATION of Automotive IQ members

- Continental
- Robert Bosch
- Valeo
- Delphi
- Magna
- Faurecia
- Magneti Mirelli
- Hella
- Denso
- ZF TRW
